

LIFE SYSTEMS SCAVENGER HUNT

As in introduction to our 8.3 Life Systems Unit, you are going to go on a scavenger hunt outside the school building. You **MUST** stay in the areas on the map on the back of this paper. You will need to list the items that you find in each category, draw a picture of the item, AND write WHERE you found them on the map on the back of this paper.

Abiotic Factors: (Abiotic factors are things in the environment that are NOT living and never were living). Find 5 abiotic factors. List them and draw a picture in the box under.

1.	2.	3.	4.	5.

Biotic Factors: (Biotic factors are things in the environment that are LIVING). Find 5 plants and 5 animals (Insects are considered animals). List them and draw a picture in the box under.

Plants:

1.	2.	3.	4.	5.

Animals:

1.	2.	3.	4.	5.

Map of Dixie Middle School: On this map, write the location that you found your items.

Food Chain: Draw a food chain that might be found in the environment around our school.

Ex: Grass → Grasshopper → Bird
