

8TH INTEGRATED SCIENCE

GVC 8.4 – NATURAL SYSTEMS

Write your score for form A below. Students who achieve mastery (80% or higher), will be bumped to 100% on form A. If you did not pass form A, then you must take Form B after completing the intervention. If you do not pass form B, then you must take Form C after completing the tier 2 intervention. If you do not pass Form C, your highest score will count on your grade. The highest score you can get on form B or C is 80%

GVC 8.4 - Students will understand interactions with natural systems and resources.

MASTERY QUIZZES	LEARNING TARGETS	FORM A	FORM B	FORM C
8.1.4 Natural vs. Synthetic	I CAN obtain information to explain how synthetic materials are made from natural resources and describe how we use synthetic materials based on their function.			
8.4.1 Distribution of Resources	I CAN construct a scientific explanation based on evidence that explains why Earth's resources are unevenly distributed.			
8.4.2 Consumption of Resources	I CAN use evidence to argue that using natural resources affects the availability of these limited resources.			
8.4.3 Human Impact	I CAN design a solution showing the impact of using different natural resources.			
8.4.5 Natural Hazards	I CAN analyze data to predict locations of future natural hazards			
Natural Systems Final	Students will understand interactions with natural systems and resources.
