

Extension

Standard 1 Objective 2: Observe and evaluate evidence of chemical and physical change.

Physical and Chemical Changes Children's Story

Assignment:

Write a children's story.

Requirements:

1. A 5 page story – That means it needs to have a beginning, middle and end. PLUS A TITLE!
2. 5 physical changes – Underline or highlight each physical change.
3. 5 chemical changes – Underline or highlight each chemical change.
4. 5 illustrations – They may be drawn or printed.
5. 2 lists at the end of your story containing all of your changes. One for physical changes and one for chemical changes.

Your story must be suitable for children.

Grading:

Grades will be based on the whether or not you complete all of the requirements.
