

8TH INTEGRATED SCIENCE

GVC 8.0- SCIENCE & ENGINEERING

Write your score for form A below. Students who achieve mastery (80% or higher), will be bumped to 100% on form A. If you did not pass form A, then you must take Form B after completing the intervention. If you do not pass form B, then you must take Form C after completing the tier 2 intervention. If you do not pass Form C, your highest score will count on your grade. The highest score you can get on form B or C is 80%

*** The lab safety test must be passed with 100% to participate in laboratory activities.

<i>GVC 8.0-Students will differentiate between science & engineering practices.</i>				
MASTERY QUIZZES	Learning Target	Form A	Form B	Form C
Laboratory Safety 8.0.1	I CAN explain laboratory safety procedures and commit to being safe in the science lab.			
Science & Engineering 8.0.2	I CAN differentiate between the scientific method and engineering practices.			

COMPARE & CONTRAST- SCIENCE VS. ENGINEERING

SCIENTIFIC METHOD

ENGINEERING DESIGN PROCESS
