

W₄ h₄ y₄

S₁ c₃ i₁ e₁ n₁ c₃ e₁ ?₁

But Why?

- **Most common phrases I hear from 9th grade science students**
 - When am I ever going to need this?
 - This will not help me get a job!
 - How is this going to help me?
 - I hate science!
 - I will NEVER use this!

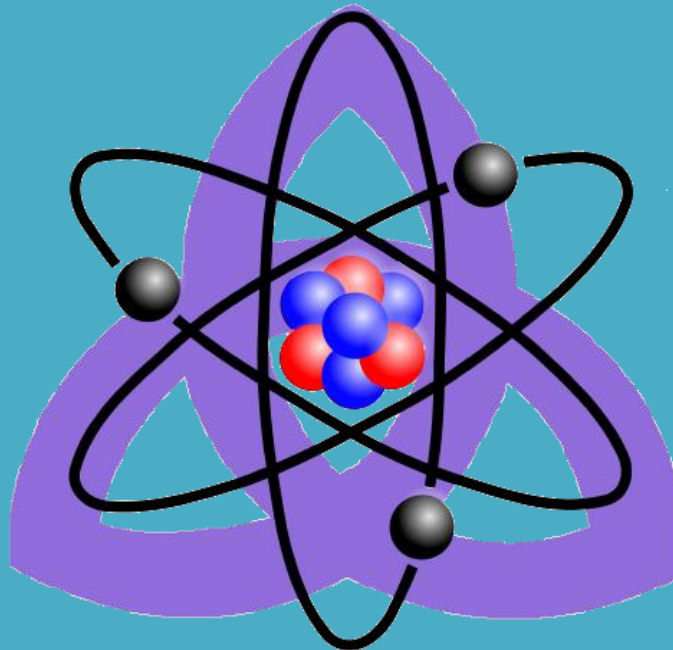

The Good News!

- For many, these sayings are correct!
 - Yes, I just agreed, put that down in the books, Mrs. White just admitted she is wasting your time...or wait...maybe there is more!

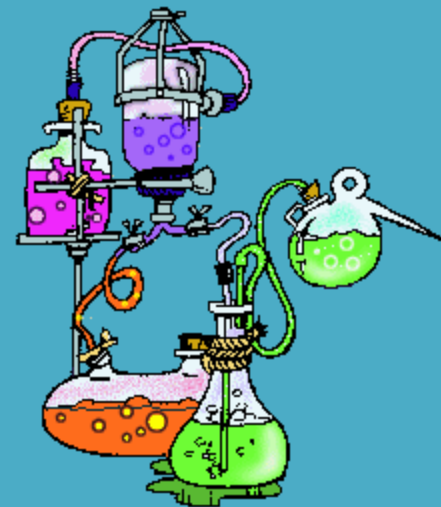

The Truth!

- There is more to Mrs. White's science class than the properties of water, global warming, or the theory of how the universe began

The Real Why!

- **Here is what will help you in the future, that we DO in this class**
 - Working with others to accomplish a goal
 - Find ways to solve problems
 - Read and understand graphs/images/charts
 - Respect others and their ideas
 - Follow directions to complete a project
 - Answer questions with evidence and not biases
